Trading Checklist

Your complete pre-market and trade execution checklist

tradezella.com

Section 1: Pre-Market Prep

- [ ] Review overnight market news and economic calendar
- [ ] Check pre-market movers and volume leaders
- [ ] Identify key support and resistance levels on watchlist
- [ ] Review news catalysts for watchlist stocks
- [ ] Set price alerts for key levels
- [ ] Review your trading plan and strategy rules
- [ ] Check your mental and emotional readiness

Section 2: Trade Entry

- [ ] Setup matches one of my proven patterns
- [ ] Entry price is at a defined level (not chasing)
- [ ] Risk is defined, stop loss is set before entry
- [ ] Position size is calculated based on risk per trade
- [ ] Risk/reward ratio is at least 2:1
- [ ] No revenge trading, this trade is on the plan
- [ ] Confirmed with volume and/or momentum

Section 3: During-Trade

- [ ] Managing position, not watching P&L obsessively
- [ ] Following the plan, not moving stop loss further away
- [ ] Scaling out at pre-defined targets
- [ ] Monitoring for changes in thesis (news, volume drop)
- [ ] Staying disciplined, no adding to losers
- [ ] Trailing stop if trade moves in my favor

Section 4: Post-Trade Review

- [ ] Log trade details in your journal
- [ ] Rate execution quality (A, B, C, D)
- [ ] Identify one lesson from the trade
- [ ] Screenshot the chart with entry/exit marked
- [ ] Note what you did well
- [ ] Note what you would do differently
- [ ] Update your trading stats and metrics

Pro Tip: Print this checklist and keep it at your desk. Review it before every trading session. Pair it with a trading journal for maximum improvement. Try TradeZella at tradezella.com
